From our Acting Principal, Ms Lesley Holliday

Thank you to the parents and students who attended the Report Collection and Interview night. We really appreciate your ongoing commitment and involvement in your child's learning and willingness to work in partnership with us to support both the academic and wellbeing of our students. If you have concerns regarding your child's progress then we encourage you to make contact with specific subject teachers via email, DayMap or the phone.

Please be aware that in terms 2, 3 and 4 reports will be made available to students and their families on DAYMAP only on the last day of each term. If you do not have access to internet at home, your child will be able to print a copy of their report at school.

We continue to seek your support in following school processes with regard to student absences and ensuring that students are attending school in the required school uniform. The STEM works continue to be a focus for our school community and at the beginning of the term students had access to the unisex toilets in the Courage corridor and more recently the counsellor's area has been made available again. We look forward to next term when we are able to use the new rooms and facilities which will support innovation and creativity in our teaching and learning programs. The redesigned Resource Centre will also become a central hub for supporting students with their learning and promote inquiry and research. Despite the limited access to rooms over the last term it has been pleasing to note that there has been no disruption to teaching and learning programs.

The year 9 students participated in NAPLAN in week 3 and the majority of students are to be commended for their high levels of engagement during this period.

This year the Football Academy introduced a new initiative a Football camp for students participating in this specialist program. The camp was highly successful and students had the opportunity to be involved in a range of exciting learning experiences as well as match play.

Our school community would like to extend our congratulations to Norie Hayama a 2017 year 12 graduate who has been awarded the University of Adelaide Principal's scholarship.

Lesley Holliday
Acting Principal

Health & Safety - Ban on Aerosol Products

There is already a ban on deodorant sprays and other aerosols, but some students are continuing to bring them to school. Pressurised aerosol products emit unnecessary volatile organic chemicals and produce a fine mist which is easily inhaled and absorbed into the blood stream and which can produce severe allergic reactions, particularly for students with asthma.

Students are asked to use pump sprays, roll on deodorants and other safer products to protect their own health and that of their fellow students. As in the case for other banned items, staff will confiscate any aerosol products found in school and they can then be collected from Reception at

the end of the week.

Please support us to ensure the health and safety of our students.

Car parking around the school:

Parents / Caregivers / Students,
Please be aware of the parking signage and line marking in the streets that surround our school.

We have had a large number of complaints regarding people receiving parking tickets from the council, when dropping off /picking up their child/ren, attending meetings etc.

Unfortunately, if you are stopping or parking illegally in areas clearly marked with yellow lines and signage, and receive any kind of fine, the school is unable to assist you in disputing these fines as it is out of our jurisdiction to do so.

To avoid receiving a fine, simply follow the signage displayed.

Out the front of the school on Garden Terrace - on the school side of the road - When you are facing the school / sign:

To the right of the sign there is no parking permitted between 8:00 - 9:00am and 2:30 - 4:00pm. In these times, it is a passenger loading only zone (like kiss & drop zone). You cannot stop, park and wait.

To the left of the sign is a loading zone only (for delivery vehicles only) and a no standing zone. Both of these zones mean No Parking at any time, as there is no time stated.

Please be sure to abide by these signs in any street surrounding the school to avoid receiving a fine!

EALD News

When Hoey left the school to return home he shared that he liked the rules of the school because you don't have to have a short haircut every month and students can wear earrings. He found that the students are fun and funny and that the teachers are very kind and polite. He also likes the way the school starts later than his school back home and finishes earlier. He liked the classroom sizes because there are fewer students too. But mostly he liked the friends he has come to know. He will miss us and I am sure we will miss him.

CMI Apprentice Welcome and Graduation Evening

Last year CMI Toyota advertised 10 new apprentice positions. 300 young people applied and Oscar Stringer from Underdale High School, who was engaged in our Cert I Automotive Programme at Underdale High School, was successful in winning one of these positions.

On the 10th of May, Mr Pappageorgiou and I had the privilege of attending an apprentice welcome and graduation evening at CMI Toyota. During this ceremony the new and completing apprentices were presented to the audience. Several were presented with awards for their high levels of success.

Oscar was presented as one of the young apprentices that represent the future for the company in automotive.

Oscar's pathway into CMI was as a direct result of his involvement in our Automotive programme. He is one of a long line of graduates of our automotive programme to have made a successful transition into the workplace and are now building a productive career in the Automotive industry.

We wish him every success, Rob Portschi.

OSCAR STRINGER:

Oscar was first introduced to CMI Toyota while completing the work experience element of his Certificate II in Automotive Servicing Technology which he was completing while studying Year 11 at Underdale High School. Oscar's passion for the industry and willingness to learn impressed his peers and this led Oscar to being offered an Apprenticeship with CMI Toyota.

SA Refugee Week Poster Competition

Congratulations to Year 10 students Jemma Manfre and Tayla Gleeson who have been selected to have their posters exhibited alongside 68 other chosen posters in the SA Refugee Week Launch, which will be taking place on the 18th of June. A great effort by both students who created powerful and aesthetically pleasing images.

Western Zone European Handball Carnival- Week 11, Term 1

The mighty Underdale High have swept the pool at this year's Handball Championships, collecting all 3 titles on a scorching autumn's day.

The Senior Girls, Senior Boys and Junior Boys dominated their matches against schools across the Western Zone, epitomised by the Girls conceding only one goal throughout the tournament!

The players were strongly supported by Angela Scriva, Mulky Abdi and Charlie Mavros who rotated umpire duties in the hot autumn sun.

All students represented the school in a respectful and humble manner while collecting Underdale's 7th title in 8 years (carnival was previously a mixed competition). Mr Hilditch

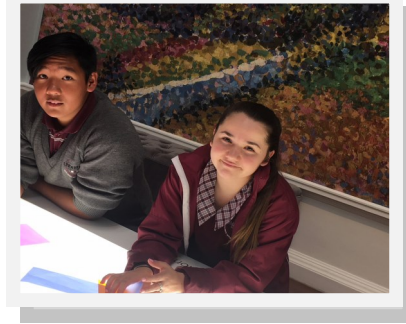

Staff Uniform Day

On Friday, some of our staff role modelled our Underdale uniform. We encourage our students to wear the uniform with pride!

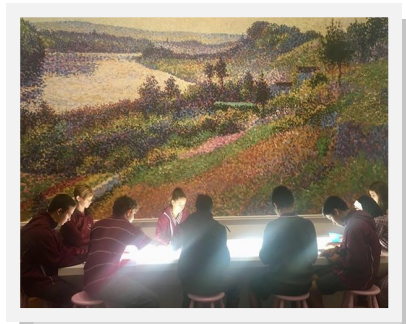

Art Gallery Visits

The majority of our Year 8 and Year 12 Visual Art students visited the 'Colours of Impressionism' exhibition at the Art Gallery of South Australia which features more than 65 masterpieces from the renowned collection of the Musée d'Orsay in Paris.

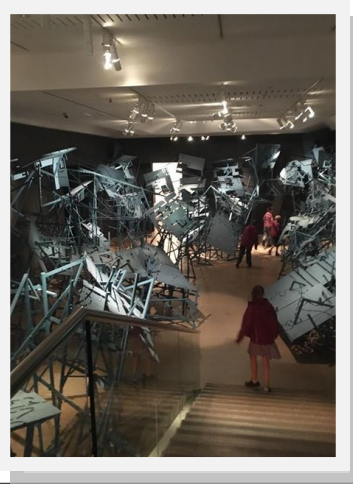

Students were able to closely view, analyse and express their opinions of these impressive works that showcase the evolution of the impressionism art movement. Students were inspired by the detailed technique and the use of individual brush strokes of colour. Practical activities in class enabled students to apply their knowledge and practice Impressionism painting techniques.

I found most of the paintings very interesting but the one that stood out for me was 'Water Lilies' by Claude Monet. - Jacob Klotz (Year 8)

The piece of artwork I liked most was by Paul Signac. It was called "Le Chateau des Papes" (place of the popes). I liked how it had lots of neon colours and when I looked up really close I saw dots but when I took a couple steps back it all joined together. - Bethany Borelli (Year 8)

Mrs Birrell

Football Camp

Underdale High School hosted its inaugural Middle School Football Academy camp at the Adelaide Shores complex from May 14th to May 16th during week 3 for all year 8/9 football academy students and year 10 girls in the academy. The academy stayed at the Adelaide Shores Caravan Park for the two nights, while using The Adelaide Shores Football Centre and Barratt Reserve for various activities.

Over the three days spent at Adelaide Shores, the students took part in a range of sessions including:

- Guest speaker from the FFSA talking about player conduct & integrity on and off the football field.
- Team building games run by Beyond the Classroom
- Small Sided internal matches
- Friendly matches against Port Pirie and Henley
- Fundamental skills training session and gameplay session with football academy coaches and former Adelaide United player, Cristiano
- Nutrition information sessions
- Video analysis sessions
- Recovery sessions at West Beach at 7am
- Developing and learning general life skills such as washing football uniforms

We would like to thank Port Pirie and Henley for their involvement with our camp as well as the FFSA for providing a guest speaker and Cristiano for his time coaching our students.

We look forward to a bigger and better football camp in 2019!

Knockout Sport

Term 2 sees the start of various knockout sport competitions for Underdale High School, a busy period for our football and netball academies. For the 2018 Term 2/3 School Sport SA Knockout Sport competitions, we have the following teams entered:

- Year 8/9 Boys Knockout Football
- Year 8/9 Girls Knockout Football
- Year 10 Boys Knockout Football
- Open Boys Knockout Football
- Open Girls Knockout Football
- Year 8/9 Boys & Girls 5-a-side Football
- Open Boys & Girls Futsal
- Year 8/9 Girls Knockout Netball
- Year 10 Girls Knockout Netball

So far this term, our open boys and girls futsal teams have competed in the qualifying round to qualify for the state finals during week 3. Our open girls team finished second in the pool, meaning they will play in the state finals in week 10. Unfortunately, our open boys teams were eliminated after missing out on a top two finish on goal difference!

On Thursday 24th May during week 4, our year 8/9 boys and girls 5-a-side football teams competed in the western zone carnival, to qualify for the state finals. Underdale entered five boys teams and claimed 1st place with a 5-1 win in the final as well as 3rd and 4th place, while Underdale's sole girls team finished first with a 7-0 win in their final. These results mean Underdale will have a boys and girls team in the State Finals later this term!

Underdale's open boys football team have progressed to the second round of their competition against Henley or Adelaide, after St George forfeited the game, All other knockout games will soon be taking place over the next few weeks, and we will keep you updated with each team's progress.

After School Sport & Zone Carnivals

During term 2, Underdale will be involved with the Western Zone after school sport program. Games are played every Wednesday throughout the term against other schools in the western zone. This term we have teams entered in junior boys football, junior girls netball, junior mixed badminton and open mixed badminton. This term, Underdale will also be involved in several carnivals. This will include year 8-10 girls 9-a-side Aussie Rules Footy, Year 8/9 Boys & Girls Tag Rugby and Year 8/9 Boys & Girls Basketball. We will provide updates on how our teams go in the next edition of the school newsletter.
