

YEAR 12 CONSULTATIVE GROUP

This year the Year 12 Consultative Group played a significant role at Underdale High School representing the voice of the Year 12 students. The five of us were elected to represent the Year 12 students and to make important decisions concerning the Year 12 jumpers, Formal and the Final Assembly. The five of us were: Marijana Kostic, Jim Kokkinos, William Paleologos, Kylie Evans and Jaclyn Peacock.

Our first task was to consult with our fellow students and help them come up with a design for the 1999 year 12 jumpers. The design was surveyed and we were all rather pleased with the final outcome. The year 12 Formal was the next task and the most enjoyable for us as it was the highlight of the year. As with the jumpers we were very democratic and ensured that students voted for where it was to be held and whether it was to be held before or after the exams. After a re-vote the Radisson Playford on North Terrace (the newest hotel in Adelaide) was voted as the most popular venue. The Year 12 students were very pleased with this outcome as it was going to be the occasion of the century. It was also decided that the formal would take place after the exams when the pressure was off and we could then really "party". The cost of the formal ticket was \$55 but there were many hidden costs such as dresses, suits, hair (for both girls and boys), hotel rooms, limos and the remaining bits and pieces. Prizes and awards were given out at the formal and there is no doubt that everyone was waiting with "baited breath" to find out if they were a lucky recipient of these special awards.

The final Year 12 Assembly was organised by the Consultative Group with the assistance of Mr Flynn, Mr Bullard and Ms Reimann. Many students were nervous about this event as it meant speeches in front of the whole school population, parents, friends and invited guests. Each member of the Consultative Group wrote their own important speeches and gave them with the most nervous looks I had ever seen. The assembly took countless hours of preparation and the teachers and the Consultative group were given many compliments on the flow of the assembly and the decoration of the gym.

The Year 12 Consultative Group wishes all the Year 12 students at Underdale High School the best for their futures. We hope you will fulfill all your hopes and dreams, no matter what they are. To all Year 11 students entering Year 12 in 2000 there are only two words I can give you "APPLY YOURSELVES".

YEAR 12 1999

GERMAN EXCHANGE

At the beginning of the year, 5 exchange students from Germany spent 10 weeks in Australia as part of the school exchange program. They were hosted by students at Underdale High School and attended our classes and participated in the school program for these 10 weeks. The students who came to sunny Adelaide from the freezing north were:

AUSTRALIAN STUDENTS	GERMAN EXCHANGE PARTNERS
Belinda Crouch	Vivianne Schobel
Sarah Walker	Katja Schumann
Verity Broderick	Johanna Zlobinski
Alex Pesch	Kerstin Schuster
Aaron Sparkes	Hannes Sinz

The exchange was an enjoyable experience for all involved. We were able to meet not only our exchange partners but also all of the students who came to Australia from Germany. We learnt about the cultural differences and it enabled us to extend our knowledge of the German language. The exchange partners became a part of the family and in some cases, even got involved in a little bit of sibling rivalry. We were able to show them places around Adelaide and the rest of the country which meant that we had an excuse to take a leave of absence from school. The German exchange students went on a trip to the red centre to see Ayres Rock which was enjoyed by all. I'm glad to say there were no real hassles throughout the ten weeks and the worst part of their stay was saying Goodbye!! We thank Mr Joschke for his efforts because without him the exchange would not have been the success it was. It could be said that Mr Joschke put his whole heart into this exchange program this year (he went into hospital in the middle of the visit for open heart surgery).

The Adelaide students leave to go to Germany on the 20th of November. Everyone is looking forward to going and we will once again be reunited with our friends from Europe. For many of us it will be our first white Christmas. Something that we will remember for the rest of our lives.

Aaron Sparkes

SWIMMING CARNIVAL 1999

The 1999 Swimming Carnival was held on February 4th, quite early in the school term. Despite the rush of organization it was a day full of activity and fun. We broke with tradition and held both junior and senior carnivals on the same day, with the junior school (Years 8 and 9) in the morning and the senior school (Years 10, 11 and 12) in the afternoon. It made a long day for the senior school House Captains who were very busy organizing teams and staff and student officials.

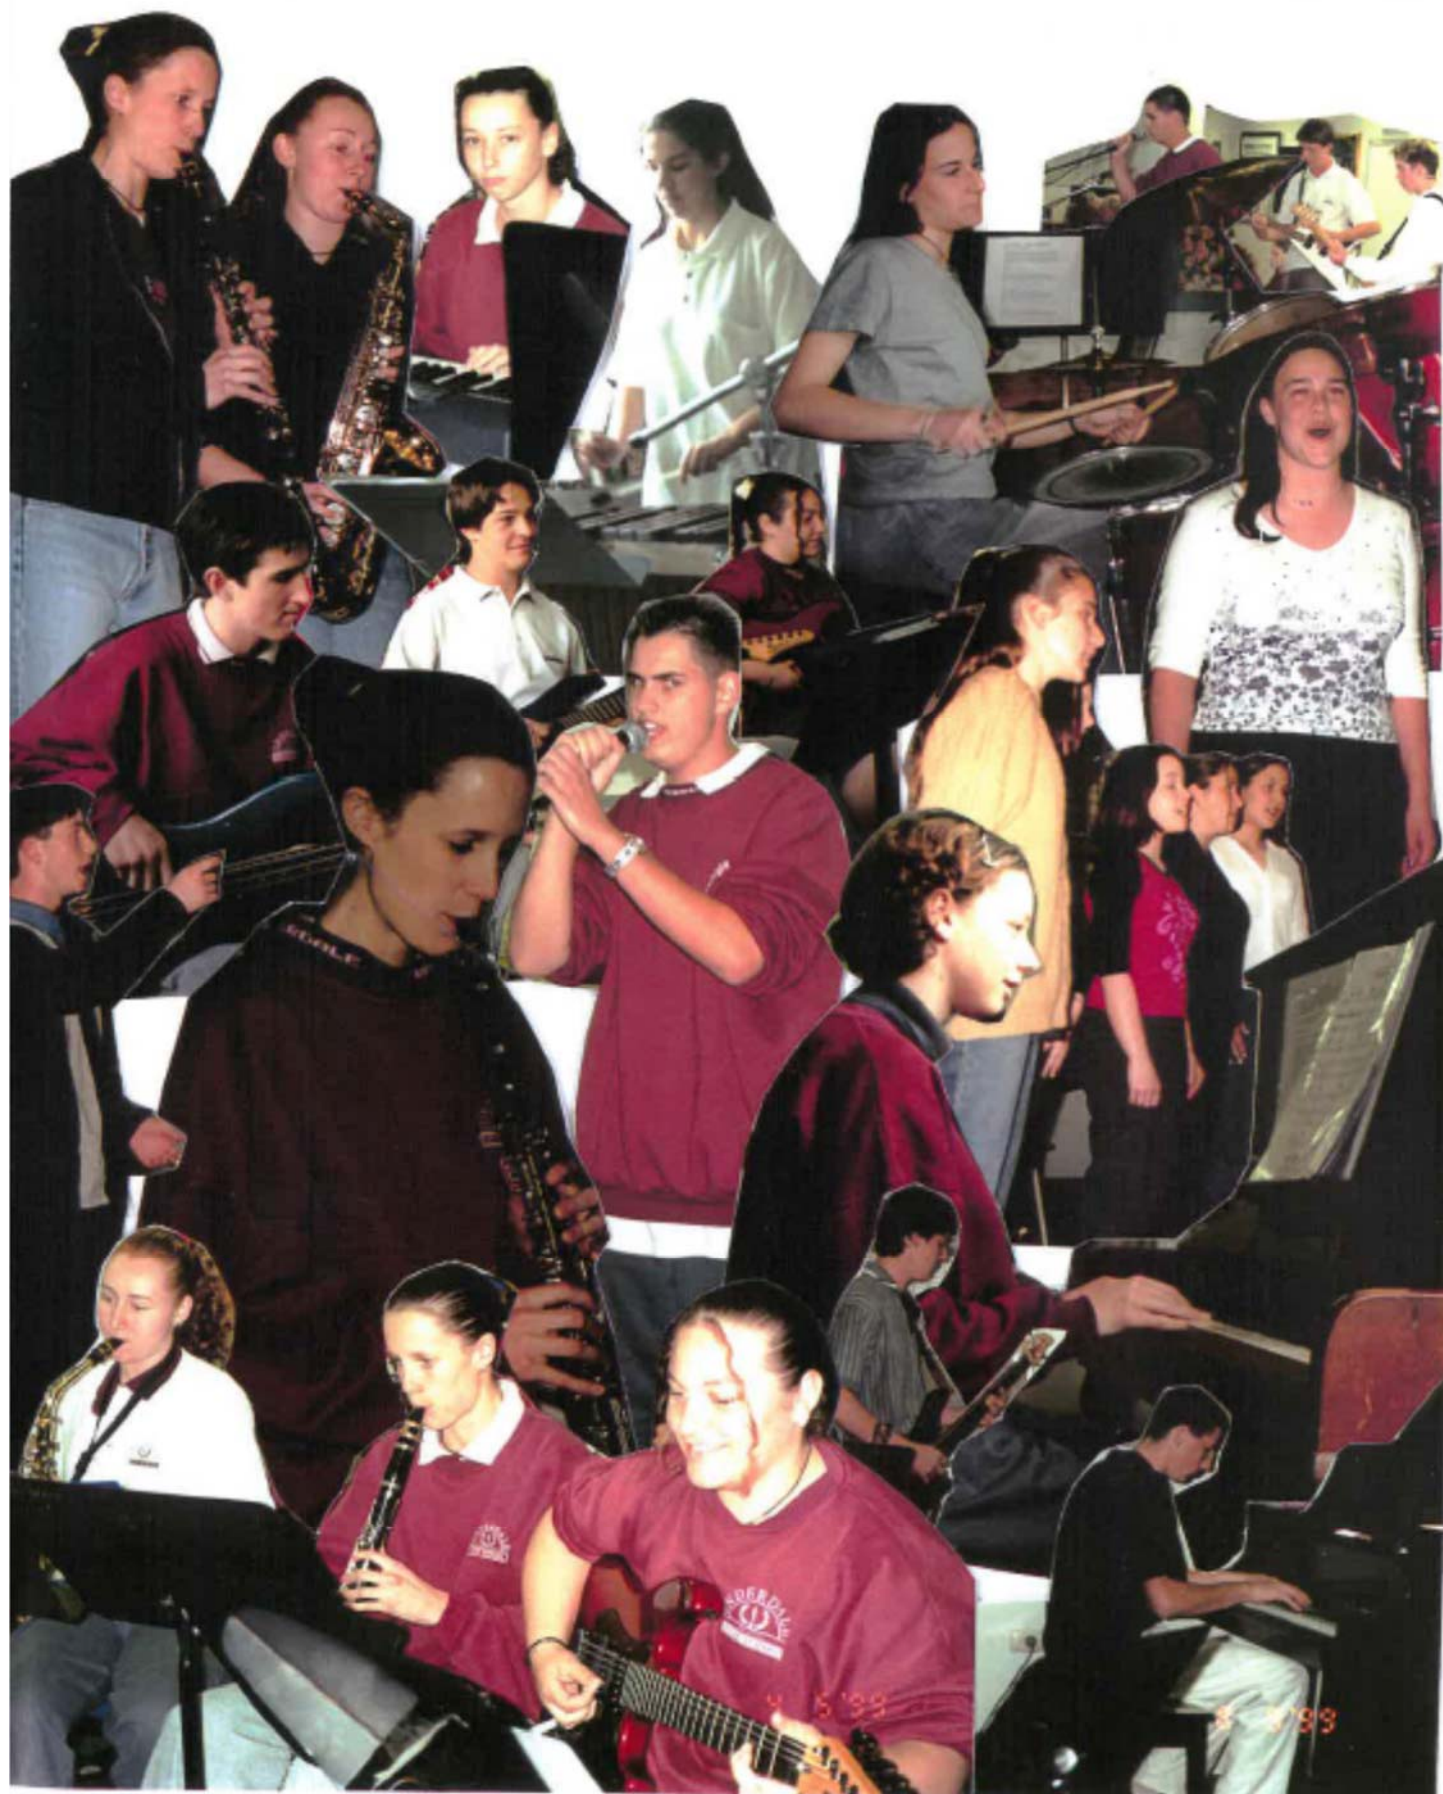

The two sections contained both competitive and novelty events. It was pleasing to see the number of students who were involved in the novelty events and the participation of the crowd who were very vocal in their encouragement. The individual events were hotly contested with the final overall individual winners:

Year 8 Girls	Ivana Aligrudic	Year 9 Girls	Joanna Satrazemis
Year 8 Boys	Sam Matthews	Year 9 Boys	Sam Beinke
Year 10 Girls	Angela Tolari	Senior Girls	Cassie Willson
Year 10 Boys	Anthony O'Neil	Senior Boys	Zoran Aligrudic

Congratulations to all the competitors who made the day extremely successful and to the teachers and student officials whose hard work made the day run smoothly. The carnival was won in both sections by Gold House – a good example of organisation and determination by the organisers of the House.

MUSIC 1999

Music

1999

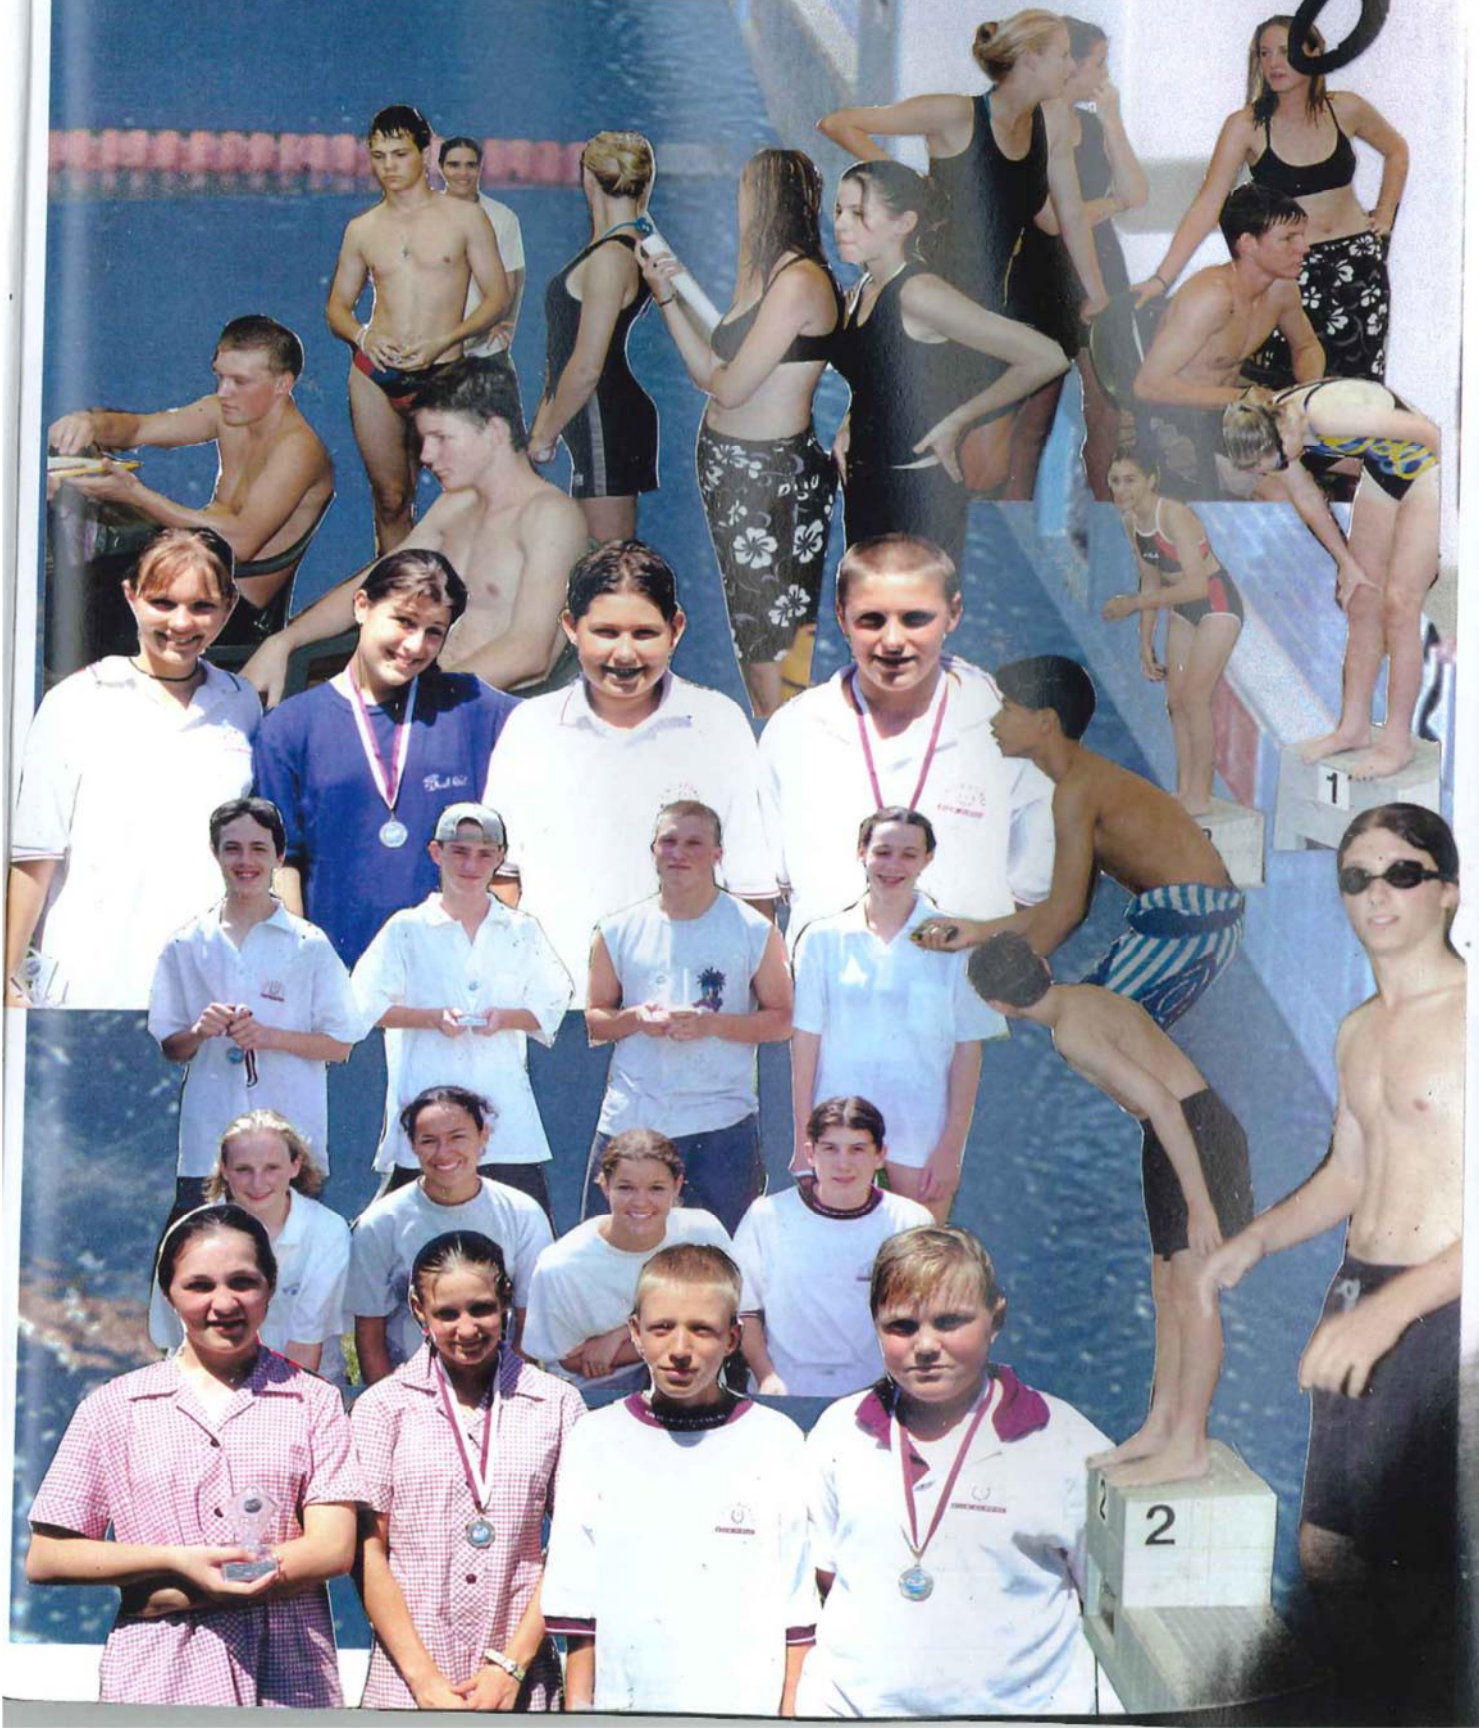

Music has been enjoyed by many students from Year 8 to 12 this year. Students in Year 8 had the option of choosing between Music and Art and a high percentage were able to experience the fun of learning many different instruments as well as learning about music theory and styles. Year 9 and 10 Music was combined this year and incorporated skills such as voice, guitar, drums, keyboard and clarinet. Many recent hit songs were rehearsed in practical lessons, which proved to be a popular part of the program. Year 11 and 12 Music aimed to increase the students' proficiency on their individual instruments as well as develop their knowledge of theory, aural and arranging; much talent was evident.

This class not only performed solos and band items at our annual "Music Night", but also ventured out into the local school community, performing at Lockleys North Primary School. Music Night was again a success with Year 9 to 11 students demonstrating their various talents, some performing on as many as 4 different instruments. Singing groups continue to be popular with students and many performed at Music Night. Our Year 12 Music student, James Errington, performed many solos during the year to various groups and also gained valuable experience from singing at University voice workshops. Good luck to all Music students and keep up the good work!
